PORTFOLIO   LEETCODE

SKILLS

- **Java , Python**
- **Database**
- **HTML, CSS, JavaScript**
- **Machine Learning , Deep Learning**

EDUCATION

- Computer Science & Engineering | B.P. Poddar Institute of Management & Technology   *CGPA*: *8.3(1st& 2nd year)| (2026)*
- XII (WBCHSE) | Anandapur Higher Secondary School   *94.8%| 2022*

- X(WBSE) | Teghari High School (H.S.)   90.85%|2020

EXPERIENCE

- **Intern | Prodigy Infotech**
  (July,2024)

  Developed and implemented machine learning models for complex projects such as **hand gesture recognition** and **food calorie detection using image classification**.

  Worked with libraries such as **TensorFlow, Keras,** and **OpenCV** for deep learning tasks.

PROJECTS

- **Multiple Disease Prediction System with ML and Host by Streamlit**
  Heart Disease Prediction System & Diabetes Prediction System.
- **Real time Sentiment Analysis**
  Using ML and scraper API for real time sentiment analysis and show the chart using Flask
- **Bengaluru House Price Prediction**
  Using ML and Flask and Host byRender.com

ACHIEVEMENTS / HOBBIES

- Enjoying Bengali literature and exploring classic and contemporary works .

- Enjoy playing volleyball and kabaddi.
